

Level 7 Diploma in Health and Social Care Management

Qualification listed on OfQual website | Accredited by OTHM, UK | Assignment based | Tutor support via live chat

Overview

The objective of Level 7 Diploma in Health and Social Care Management qualification is to develop learners' understanding of policy, management theory and practice in health and social care.

It provides learners with an opportunity to engage with the challenges facing professionals, services users and policy makers in their own country. It will provide knowledge that underpins the ability to work as an effective manager in the hospitals/social care industry.

It combines both theoretical and practical knowledge in the health and social care profession. The qualification will develop and enhance knowledge and skills in the areas of leading change, effective performance, planning and accountability, development and team leadership. Learners will be able to work in a variety of roles within health care administration and/or management.

Why is this course right for you?
